

FP201 3G - End-of-Life

Famoco is announcing the **End-of-Sales & End-of-Life for the FP201 3G**. The last day to order the product is June 30, 2023. This decision is due to natural obsolescence, which has been accelerated by shortage of its internal components.

The table below describes the End-of-Life milestones, definitions, and dates for the FP201 3G. Customers with active service contracts will continue to receive support from Famoco Support until April 28, 2024.

The FP201 4G, which is functionally equivalent, replaces the FP201 3G. You can contact our [Sales Team](#) or check our [Famoco's website](#).

Milestones	Definition	Date
End-of-Life (EoL) Notification Date	The date of the publication of the document announcing the End-of-Sales and End-of-Life of the product.	April 28, 2023
Last Buy (LB) Date	The last date to order the product to Famoco. The product is no longer for sale after this date (except for order already reviewed with your Sales Representative).	June 30, 2023
End-of-Maintenance	After this date no more security update, new feature or general OS update will be released. After this date, no more spare parts will be available.	December 29, 2023
End-of-Support	This will be the End-of-Support for the device where after this date no more technical support for software integration or Famoco services updates or fixes will be provided for this device.	April 28, 2024
